

What is an agent?

An agent uses AI to automate and execute business processes, working alongside or on behalf of a person, team or organization.

Agents vary in levels of complexity and capabilities depending on your need

IT Helpdesk agent

How do I connect to the corporate network?

Budget Manager agent

Review outstanding open PO's and begin financial planning

Customer Support agent

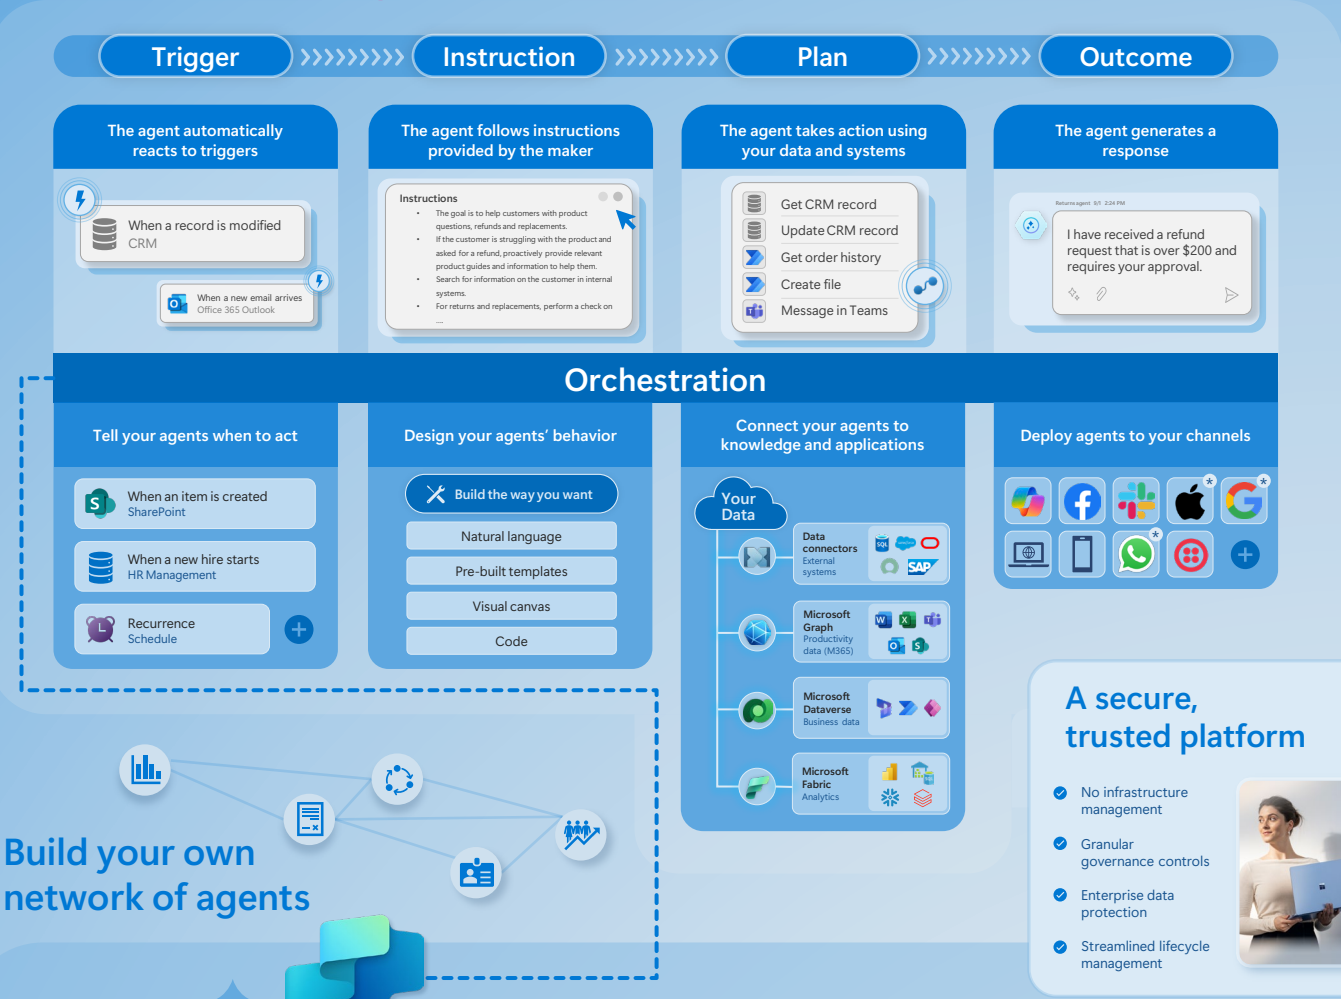

The agent has identified new support issues and triaged to other agents.

HR Agent

Contract Agent

Operations Agent

Solutions for every function and team

Build your own network of agents

Microsoft Copilot Studio
